

## Skiing on the Volcano Fire

4 Nights

15 December 2015 –30 March 2016

### Summary

You might think you know all about skiing in Italy... but did you know that, thanks to Mount Etna, you even can ski Sicily? It's true! While Mt. Etna, Europe's largest active volcano, is commonly known for its role in Greek mythology and unpredictable eruptions, few realize it has ski resorts, too.

Skiing on a volcano, with a view of the sea, makes this the most unique experience of skiing in Italy.
