

Discover Chile

12 Nights

01 November 2015 – 31 March 2016

Summary

Tucked between the Pacific Ocean on the west and the Andes on the east, Chile is a land of Majestic mountains, cosmopolitan cities and natural wonders galore.

Get up close with the Andes mountains, the icy and unforgiving range slicing down South America, or check out the Atacama Desert. It's the driest in the world according to NASA.

In other words, an incredible place for adventurous honeymoons in Chile. Couples can launch from their hotel and ride on horseback along the desert plateau, then return for a romantic dinner date in San Pedro de Atacama, the old-style adobe village at the desert's edge.

Your honeymoon in Chile could be a dream come true...so why not celebrate your lifelong love in "the longest country in South America"?
