

A World in One Country 12 Nights

Summary

Every country in the world displays some diversity, but South Africa, stretching from the hippos in the Limpopo River to the penguins waddling on the Cape, takes some beating. There's the deserted Kalahari, Namakwa's springtime symphony of wildflowers, iconic Table Mountain and Cape Point, Kruger National Park's wildlife-stalked savannah and, running through the east of the country and into Lesotho, the Drakensberg. KwaZulu-Natal's Simangaliso Wetland Park alone has five distinct ecosystems, attracting both zebras and dolphins.
